

Invigor 8™

A liquid blend of
humates, trace
minerals, and enzymes

Invigor 8™ is a proven seed treatment formula, now in a liquid, that not only increases seed germination rate but also fortifies the seed against initial acclimatization stress to enhance seed vigor and vitality. It preps the seed for stress tolerance and adds vital components that help the seeds focus their energy on biochemical pathways required for successful germination and establishment in the soil ecosystem. This helps maintain better, more uniform stands with well-rounded development both below and above the ground. We typically see yield increases of between 3-5% with Invigor 8 depending on use, environment, and soil conditions.

Usage Information

Compatibility: stand alone

Use Rate: 4 oz. per acre

Timing: seed treatment

Invigor 8™

✓ 1 Gallon Kit (20 units)

0.5-7-5.5

Guaranteed Analysis:

Nitrogen(N).....0.50%
Available Phosphate (P₂O₅).....7.00%
Soluble Potash(K₂O).....5.50%

Derived From:

Potassium Phosphate and Ammonium Phosphate
Inert Ingredients: Di-ionized Water

CROPS:
Alfalfa, Canola, Corn, Cotton, Grain, Sorghum and Sunflowers.

STORAGE:
Store in cool, dry environment. Lot number and expiry date can be found on this package.

RECOMMENDATION:
No reduction has been observed in Invigor 8™ performance. Invigor 8™ is not expected to interfere with pesticide performance.

APPLICATION RATES:

Dissolved formula will treat the following volumes of seed per unit:
Alfalfa: 500 lbs. Canola: 500 lbs.
Corn: 20 units. Cotton: 12 units*
Grain Sorghum: 10 units.
Sunflowers: 15 units.

MIXING INSTRUCTIONS:

Mix small cylinder (PartB) into gallon jug (Part A) provided. Wear gloves and mix well.

*Invigor 8™ should not be used on cotton seed already treated with Di-syston®.

All such risk shall be assumed by the buyer /end user. Genesis Ag makes no warranty of merchantability or fitness for a particular purpose nor any other express or implied warranty except as stated above. Information about this lot of fertilizer can be obtained by writing to Genesis Ag at the address on this package.

CAUTION: KEEP OUT OF REACH OF CHILDREN.

About Invigor 8

Invigor 8™'s unique formulation unlocks the seed's stored reserves. The results are faster seedling emergence, more uniform stands, and more yield at harvest. A good head start is the key to positive plant performance.

START YOUR CORN OFF RIGHT

- Promotes even emergence
- Increases germination rates
- Faster seedling emergence
- More uniform stands
- More yield at your harvest
- Compatible with other treatments
