

VitaNterra+™

A revolutionary blend of humates, trace minerals, and ectomycorrhizae extracts

Humic acid and fulvic acid, are both critical for healthy soil. They create a well-balanced environment for vibrant plant life.

VitaNterra+ is a humic product that is completely soluble. It can help speed up the growth of your plants by increasing nutrient uptake. This revolutionary product can also help increase the efficiency of your crop's water use.
