

400 South Central Ave
 Humboldt, TN 38343

Safety Data Sheet Enviroboost

SECTION 1: Identification

1.1 Product identifier

Product name Enviroboost

1.2 Recommended use of the chemical and restrictions on use

liquid fertilizer

1.3 Supplier's details

Name	Genesis Ag, Inc
Address	400 South Central Humboldt, TN 38343

Telephone	731-784-0605
-----------	--------------

1.4 Emergency phone number(s)

Chemtrec 1-800-262-8200 Customer Number CCN840110

SECTION 2: Hazard identification

2.1 Classification of the substance or mixture

GHS classification in accordance with: OSHA (29 CFR 1910.1200)

2.2 GHS label elements, including precautionary statements.

Pictogram

Precautionary statement(s)

P264
 P270
 P330

Wash ... thoroughly after handling.
 Do not eat, drink or smoke when using this product.
 Rinse mouth.

SECTION 3: Composition/information on ingredients

3.1 Mixtures

Safety Data Sheet

Genesis Enviroboost

Hazardous components

1. Calcium hydroxide

Concentration	Not specified
EC no.	215-137-3
CAS no.	1305-62-0

Skin irritation, Cat. 2
Serious eye damage, Cat. 1
Specific target organ toxicity, single exposure, Respiratory system, Cat. 3

H315	Causes skin irritation
H318	Causes serious eye damage
H335	May cause respiratory irritation

2. Cobalt sulfate heptahydrate

Concentration	Not specified
CAS no.	10026-24-1

Carcinogenicity, Cat. 1
Reproductive toxicity, Cat. 1
Acute toxicity, oral, Cat. 4
Sensitization, respiratory, Cat. 1

H350	May cause cancer
H360	May damage fertility or the unborn child
H302	Harmful if swallowed
H334	May cause allergy or asthma symptoms or breathing difficulties if inhaled

3. Ferrous sulfate

Concentration	Not specified
EC no.	231-753-5
CAS no.	7782-63-0
Index no.	026-003-01-4

Acute toxicity, oral, Cat. 4
Skin corrosion/irritation, Cat. 2
Serious eye damage/eye irritation, Cat. 2

H302	Harmful if swallowed
H315	Causes skin irritation
H319	Causes serious eye irritation

4. Manganese (II) chloride

Concentration	Not specified
CAS no.	7773-01-5

Acute oral toxicity, Cat. 4
Serious Eye Damage/Eye Irritation, Cat. 1
Specific target organ toxicity - (repeated exposure), - Kidney, Liver, Heart, spleen, Blood, Cat. 2

H302	Harmful if swallowed
------	----------------------

Safety Data Sheet

Genesis Enviroboost

H318 Causes serious eye damage

5. Sodium molybdate

Concentration Not specified
EC no. 231-551-7
CAS no. 7631-95-0

6. Sodium selenite

Concentration Not specified
CAS no. 10102-18-8

Acute toxicity, Oral, Cat. 2
Acute toxicity, Inhalation, Cat. 2
Skin irritation, Cat. 2
Eye irritation, Cat. 2A
Skin sensitization, Cat. 1
Short-term (acute) aquatic hazard, Cat. 2
Long-term (chronic) aquatic hazard, Cat. 2

H300 + H330 Fatal if swallowed or if inhaled
H315 Causes skin irritation
H317 May cause an allergic skin reaction
H319 Causes serious eye irritation
H411 Toxic to aquatic life with long lasting effects

7. Zinc sulfate

Concentration Not specified
EC no. 231-793-3
CAS no. 7733-02-0
Index no. 030-006-00-9

Acute toxicity, oral, Cat. 4
Eye damage/irritation, Cat. 1
Hazardous to the aquatic environment, short-term (acute), Cat. 1
Hazardous to the aquatic environment, long-term (chronic), Cat. 1

H302 Harmful if swallowed
H318 Causes serious eye damage

SECTION 4: First-aid measures

4.1 Description of necessary first-aid measures

If inhaled Remove to fresh air. If breathing becomes difficult, contact a medical physician. Give artificial respiration if victim is not breathing and obtain immediate medical attention.

In case of skin contact Wash thoroughly with soap and water. Remove contaminated clothing and wash before reuse. Seek medical attention if skin becomes irritated.

Safety Data Sheet

Genesis Enviroboost

In case of eye contact	Flush immediately with water for at least 15 minutes, lifting the upper and lower eyelids occasionally. Call a physician if eye irritation persists.
If swallowed	Call physician or Poison Control Center immediately for most current information. Dilute with large amounts of water. Do not induce vomiting unless directed to do so by a medical professional. Never induce vomiting or give diluents (milk or water) to someone who is unconscious, having convulsions, or who cannot swallow. If vomiting occurs, keep head lower than hips to prevent introduction of fluid into the lungs.

4.2 Most important symptoms/effects, acute and delayed.

Eyes: May cause inflammation, redness, and possible damage with prolonged exposure.

Skin: Prolonged or repeated exposure may cause skin ulcerations and /or burns.

Inhalation: It may cause headaches, nausea, or weakness in case of prolonged exposure. Oxygen can be administered if breathing becomes difficult.

Ingestion: May result in nausea, vomiting, diarrhea, digestive disorders

SECTION 5: Fire-fighting measures

5.1 Suitable extinguishing media

Water spray, Foam, Carbon Dioxide, Dry-Chemical.

5.2 Specific hazards arising from the chemical.

Avoid high temperatures that may cause thermal decomposition or explosion, especially in confined or poorly ventilated spaces.

5.3 Special protective actions for fire-fighters

Wear positive pressure, self-contained breathing apparatus (SCBA) and goggles. Avoid exposure to smoke or fumes. Contain any liquid runoff.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment, and emergency procedures

For small or incidental spills, the minimum personal protective equipment should be rubber gloves, rubber apron, and chemical goggles. Uncontrolled releases should be responded to by trained personnel using pre-planned procedures. Proper protective equipment should be used. Gas masks with ammonia canister or SCBA gear may be required. For large spills, contain by diking with soil or other non-combustible absorbent material. Dilution with water will reduce the release of ammonia vapors. Keep material out of sewers, storm drains, and surface waters. Comply with all applicable government regulations on spill reporting, handling, and waste disposal.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

Keep away from incompatible materials. Do not breathe mists. Wash thoroughly after handling. Avoid contact with eyes, skin, and clothing. Wash with soap and water after handling.

7.2 Conditions for safe storage, including any incompatibilities.

Store out of direct sunlight (above 40°F) in a dry, well-ventilated area. This product should be stored in tanks constructed of stainless steel, fiberglass, polypropylene, or polyethylene. Valves should be inspected on a regular basis and replaced as needed to prevent leakage.

SECTION 8: Exposure controls/personal protection

8.1 Control parameters

Safety Data Sheet

Genesis Enviroboost

1. Calcium hydroxide, Total dust (CAS: 1305-62-0)

PEL (Inhalation): 15 mg/m³ (OSHA)
OSHA Annotated Table Z-1, www.osha.gov

PEL (Inhalation): 5 mg/m³ (Cal/OSHA)
OSHA Annotated Table Z-1, www.osha.gov

REL (Inhalation): 5 mg/m³ (NIOSH)
OSHA Annotated Table Z-1, www.osha.gov

2. Calcium hydroxide, Respirable fraction (CAS: 1305-62-0)

PEL (Inhalation): 5 mg/m³ (OSHA)
OSHA Annotated Table Z-1, www.osha.gov

3. Sodium molybdate (CAS: 7631-95-0 EC: 231-551-7)

TLV® (Inhalation): 0.5 mg/m³ (ACGIH)
Lower Respiratory Tract irritation. Confirmed animal carcinogen with unknown relevance to humans.

PEL-TWA (Inhalation): 0.5 mg/m³ (Cal/OSHA)

PEL-TWA (Inhalation): 5 mg/m³ (OSHA)

8.2 Appropriate engineering controls

Use with adequate ventilation to keep airborne levels below recommended exposure limits.

8.3 Individual protection measures, such as personal protective equipment (PPE)

Eye/face protection

Chemical dust/splash goggles or full-face shield to prevent eye contact. As a general rule, contact lenses should not be worn when working with chemicals because they contribute to the severity of an eye injury.

Skin protection

Rubber gloves with gauntlets.

Body protection

Use body protection appropriate for task. Chemical-resistant coveralls and rubber aprons are generally acceptable.

Respiratory protection

If work conditions generate vapors or mist, wear a NIOSH approved respirator appropriate for those emission levels. Appropriate respirator may be a full facepiece respirator, an SCBA in the pressure demand mode, or a supplied-air respirator.

SECTION 9: Physical and chemical properties

Information on basic physical and chemical properties

Appearance/form (physical state, color, etc.)	dark brown liquid
Odor	none
Odor threshold	NA
pH	
Melting point/freezing point	32F
Initial boiling point and boiling range	212F
Flash point	NA
Evaporation rate	NA
Flammability (solid, gas)	NA
Upper/lower flammability limits	NA
Vapor pressure	NA
Vapor density	NA

Safety Data Sheet

Genesis Enviroboost

Relative density	9.5 lbs/gal
Solubility(ies)	NA
Partition coefficient: n-octanol/water	NA
Auto-ignition temperature	NA
Decomposition temperature	NA
Viscosity	NA
Explosive properties	NA
Oxidizing properties	NA

SECTION 10: Stability and reactivity

10.1 Reactivity

stable under normal conditions and pressure

10.2 Incompatible materials

Sodium molybdate: Strong oxidizing agents

SECTION 11: Toxicological information

Information on toxicological effects

Acute toxicity

May cause severe gastrointestinal irritation, vomiting, stomach cramps, and diarrhea.

Skin corrosion/irritation

Moderate irritant, especially with prolonged exposure. May cause skin ulceration and/or burns.

Serious eye damage/irritation

Moderate irritant. May cause redness, burning, inflammation, and/or damage.

Respiratory or skin sensitization

Moderate irritant, especially with prolonged exposure. May cause skin ulceration and/or burns.

SECTION 12: Ecological information

Toxicity

May be harmful to fish, livestock, and wildlife. Dissolved mineral salts may cause irritation of the digestive tract.

Non-persistent. Non-cumulative when applied using normal agricultural practices.

SECTION 13: Disposal considerations

Disposal of the product

Do not contaminate lakes, streams, ponds, estuaries, oceans, or other waters by discharge of waste effluents or equipment rinse. Dispose of waste effluents according to federal, state, and local regulations. Chemical additions or other alterations of this product may invalidate any disposal information in this SDS.

SECTION 14: Transport information

DOT (US)

Not dangerous goods

Safety Data Sheet

Genesis Enviroboost

IMDG

Not dangerous goods

IATA

Not dangerous goods

SECTION 15: Regulatory information

15.1 Safety, health and environmental regulations specific for the product in question

New Jersey Right To Know Components

Common name: CALCIUM HYDROXIDE
